## Listing Workshops and Lectures

Google Calendar in Agenda view?

## Perhaps a way for students to register for workshops Online

WP e-commerce – class III handout

## A Teaching Schedule - - perhaps inserting a Calendar, showing the dates/times of my workshops/lectures/and where I'll be presenting them

Google Calendar in Month view?

Currently, I use an E-Newsletter service (Savicom @ \$24/month). Is there a better one? Other suggestions? I currently have about 850 subscribers to my E-Newsletter. Without seeing what the newsletter looks like, I don't know how good it looks. Nice newsletter templates cost.

I use feedburner for a boy scout troop:

### Capture the Flag – 3-23-2015

Posted: 23 Mar 2015 01:11 PM PDT

Dear Fellow Scouts,

On Wednesday (March 25th) we are organizing a 'capture the flag' activity for all scouts who are interested.

As you know there is **no regular scout meeting** this Wednesday because of spring break. If you're not out-of-town on vacation and looking for something fun to do – please meet us at Bieker Woods at 5:30pm. We will all meet in the Administration Building parking lot right next to Wilbur Wright Middle School. You may wear class B but be sure to dress warm enough.

The capture the flag games are expected to go from 5:30pm to 7:30pm.

See you there!

Thank you.

Stevie McDunn

- Huge IT Slider

[My Facebook link...can we revise that? What is a better way to do this?](#)

Just a link? If you are looking for a list of recent posts to facebook:

JSL3 Facebook Wall Feed

In the future, I would also like to create/post some lessons through YouTube - I've not tried this yet.

Embed!

And, perhaps, a list (with links) to my quilt guild's Meeting Minutes - available for 'members only'.
